

## FEBRUARY IS WEATHER AWARENESS MONTH.

Four seasons come and go year in and year out. Many of us give the daily weather brief consideration before we step out and begin our day. Becoming weather wise involves adapting to the current season by making environmentally sound choices. Using a clothesline in the summer, collecting rain water in the spring, composting leaves in the fall and consuming locally grown, in season produce in the winter are just a few strategies that will assist YOU and Mother Earth to live in a harmoniously green balance. We are all stewards of this earth and one of our many delights is to enjoy the four seasons in a weather wise way.

### JUNK WANTED!!

Empty ink cartridges  
Gently used eyeglasses  
Drained batteries  
Kool Aid Jammers  
Pop can tabs  
Milk bags

All the above items are being collected. Please deposit each item in its appropriate container located in the office. Thank you for your cooperation in our collection of your *junk*.

### YOU MAKE A HUGE DIFFERENCE

The proof is evident every single Litterless Lunch Thursday. Mr. Bachetti reports that on Thursdays the amount of waste collected is decreased by almost HALF in comparison to any other school day! The Green Thumb Club can only imagine and dream of the HUGE difference we can all make if every day was Litterless Lunch Thursday. Dreams do come true, let`s all pack a litter free lunch every day.

### **Hip Hip HOORAY ,**

Special ECO-Congratulations sent to Mrs. Butler's and Miss Candelora's classes for having the BEST record for sorted recycling and waste management. These two classes are a fine example of eco-friendly stewards of our earth. Keep up the super work!
