COMMUNICATION

Planning for September 2018

We are in the process of preparing class lists for September. During this process, many factors are considered in placing your child in a particular grouping, including our knowledge of each child's needs. We also consider a number of other factors including:

- Accommodations for our children with special education needs
- Students who are on similar academic programs and levels of programs
- Students who are a positive support and influence on each other
- Number of classes per grade needed
- Number of boys and girls
- Students and their friends

Parents who have a particular concern/request with regard to the placement of their child(ren) next school year, are asked to place their suggestions in writing to Mrs. Rossi **before the end of May 2018**. Please keep in mind that **no requests can be made for teachers by name** since no decisions will be made about their teaching assignments until the summer months.
